# E-SERVE

## ELECTRIC BUFFET SERVER

Serve Hot and Fresh food with the Stainless-Steel **E-SERVE Electric Buffet** Server for family dinners, holiday celebrations or any gathering.

The specially designed buffet server is equipped with a 1.5 Liter stainless steel buffet pan and tempered Glass lid with handle.

Keep your food warm for hours at any gathering—no open flames or hot water needed. With variable temperature settings, you can easily adjust to the perfect warmth for your dishes.

*Serve Smart, Serve Hot*

- **Cool-Touch Handles**

Designed for safe and comfortable handling while serving, even when the unit is hot.

- **Versatile Design**

Ideal for a wide range of occasions, including family dinners, parties, and gatherings.

- **200W Heating Element**

Delivers consistent heat to keep food piping hot and ready to serve.

- **Quick Heat-Up**

Heats rapidly to the desired temperature, minimizing wait time for use.

- **Adjustable Temperature Control**

Features an easy-to-use control to customize heat settings according to your needs.

- **Multi-purpose Design**

The E-Serve is designed for today's on-the-go lifestyle that lets you quickly reheat and serve meals whenever you like. Whether for family dinners or holiday celebrations, this buffet server is a must-have for any gathering.

- **User-friendly**

Crafted with 1.5 Liter pot makes it easy to serve a variety of dishes. A tempered glass lids for safer and easy to use.

- **Customizable Cooking**

Heating controls, including Low to High, so you can warm a wide variety of dishes, each with its own temperature needs.

- **Easy Cleanup**

Cleaning up is a breeze with the dishwasher-safe stoneware pots and lids. Simply wipe down the base with warm soapy water, and you're all set.

Enjoy hot &  
healthy meals  
on-the-go!
