myPAPERCLIP

www.mypaperclip.shop

With classic, simple yet bold designs, myPAPERCLIP products have been successful in reflecting the style and preferences of students and professionals alike.

Having an array of products using the best quality papers and binding techniques, we have managed to encapsulate a large and loyal clientele in the country, and gradually abroad as well.

This catalog contains a glimpse of our products and customisations done for several elite Indian and international brands.

You may log on to www.paperclipstore.in for further details and updates on new launches.

CUSTOM PROJECTS

Whether it's for a team event, conference or to support a PR campaign, myPAPERCLIP notebooks have been personalised by various brands by incorporating their identity and corporate message. A customized notebook acts as a powerful tool of communication for your brand.

We offer blind embossing, foil stamping, title page, inserts and color matching to name a few, that allow you to showcase your brand in the best possible manner.

BLIND EMBOSSING

Blind embossing is the most popular option for branding on notebooks & journals.

The process involves pressing of the logo into the cover of a quality notebook.

FOIL STAMPING

Foil stamping creates a stunning effect when used on the right notebook. Gold or silver foil stamping/ printing of a logo adds a touch of luxury to the brand.

TITLE PAGE

You can opt to add custom printed pages as the title page or inserts. The pages with text or images in full color can carry your message beyond the book cover.

COLOR MATCHING

We can incorporate your special brand color to build your notebooks. White imprint on Blue or full color? We deliver!
